fine cutters, which they are offering for  
sale.

On the evening of election day, the P.  
A. C. Band turned out in full force, and  
attended the newly elected Mayor and  
Council. They were accompanied by  
Col. Sprout, who acted as their spokes-  
man, and asked the new Councilors to  
interest themselves on behalf of the band  
in order that it might be placed on a  
footing above legging. He believed—  
and we think he voiced the sentiments of  
the great majority of our citizens—that  
it was the duty of the Council to give  
the band a free room in which to prac-  
tise and a money grant besides sufficient  
to meet necessary expenses. For our  
part we think the band should be en-  
couraged by aid from the corporation, as  
it certainly is a great acquisition to the  
town, and contributes to the general  
amusement. It is unnecessary to say  
that each member of the Council  
visited thanked the band for the com-  
pliment paid him by the visit, and  
promised to use his influence in the di-  
rection indicated.

TERRITORIAL NEWS.

SASKATOON.

From our Special Correspondent.  
The arrival of a small detachment of Police at this place was hailed with delight by the people. Hopes are entertained that they are forerunners of a much larger detachment, if not a whole troop. Should the proposed extension of the Regina and Long Lake Railway reach here Saskatoon will certainly be an important place, not only as the crossing point of the North Saskatchewan, but also as a port of entry. Indeed at the present time a custom house is necessary owing to increasing imports of horses and cattle from the States.

On Wednesday evening, the 15th, a very pleasant social gathering was entertained at the house of Mr. Andrews. Dancing was kept up far into "the wee sma' hours." Mrs. Andrews, as hostess, surpassed her usual entertaining powers, and the party broke up with regrets on all sides that it could not be prolonged.

Mr. Gerald Willoughby, brother of Dr. Willoughby, formerly a resident, arrived from Moosejaw on the 18th with an outfit of goods. He intends opening a store in a few days.

Mr. Garrison's new stone hotel is almost finished and will be opened in a few days. It is a two-story building, but should business demand, it is so constructed that another story can be added.

The telephone communication with Clark's Crossing is not yet opened owing to a want of insulating wire. It is to be hoped that this want will soon be supplied, as at present owing to the badly managed fortnightly mail we are practically cut off from the outside world.

BATTLEFORD.

The Herald of Dec. 13th says:— They have a horse power machine for cutting wood at the barracks, and the work it does saves lots of wood-pile fatigue.

Mr. Reed, Assistant Indian Commissioner, accompanied by Indian Agent McKay, made a tour of the Indian reserves in this agency last week.

Measles and scarlet fever have broken out and spread widely amongst the Indians on the Battle River reserves. Fever showed itself some time ago among the Cree at Eagle Hills, but through the medical skill and the exertions of Mr. J. H. Price, the farming instructor on that reserve, it was confined to its limits and finally stamped out.

The annual meeting of the Battleford Rifle Association was held in the school house on Tuesday evening, the 7th December, when the Council presented their report and the following officers were elected:— President, W. H. Smart; 1st Vice-President, F. Cotton; 2nd do, B. A. Lawson. Council, Major Cotton, Capt. Nash, Sergeant Asplin and Storey, Corporal Ross, Messrs. C. Smith, J. D. Parker, H. A. Head, R. C. Lawrie, and F. Marigold.

One day last week Major Cotton and Lord Boyle had a narrow escape from being injured on the famous Kettle River Bridge. As they were driving across it the horse became frightened and jumped over the railing, falling on the ice about fifteen feet below, and strange to say, without sustaining any serious injury. Before the cutter took its flight the gentlemen got out and in their haste to do so were pretty well shaken up but not much hurt.

On Tuesday evening last Major Cotton delivered a lecture in St. George's Church on "Canada—the past developments and future prospects of our country." Hon. Lawrence Clarke acted as chairman, and Col. Sprat moved a vote of thanks to the lecturer.

EDMONTON.

The Bulletin, Dec. 11, says:— The wire is strung on the new telegraph line to Fort Saskatchewan.

The telegraph office has been removed to the new building near J. A. McDougall's store.

The fur trade has been fairly brisk lately. Prices are very high, leaving buyers a very small profit. Lynx are not as plentiful as last year, but there is a good catch of other fur.

The mills are running steadily on grists of new wheat, which is universally of excellent quality, but so far there have been practically no sales of wheat at any price. The general impression is that what is brought will be at something less than \$1 a bushel. Oats are selling freely at 60c to 70c a bushel and barley at 50c

LETHBRIDGE.

From the News of Dec. 22.

Some of the Indians who have been hanging around town lately started pilfering from the stores. A pair of shoes were stolen from H. Bentley & Co.'s and sold for \$1 to a man on the bottom. Capt. Lively ordered them across the river on Monday morning and since that they have been kind of scarce. The Indian has been arrested and is now confined in the barracks awaiting the arrival of Capt. Nears from McLeod to try him.

The N. W. C. & N. Co.'s saw mill shut down for the season on Saturday morning last. The mill has been running night and day since it started last July, and has turned out about one million and a half feet of lumber, which has been used in the building operations between this place and McLeod.

Col. Mrs. McLeod and baby and Lord Boyle were passengers on Sunday evening's train. They went on to McLeod on Tuesday morning.

MEDICINE HAT.

The Times of Dec. 25th says:

The biggest wolf story comes from Bowell. Engineer Fisher is authority for the statement that a man named Staples killed a white wolf weighing 600 pounds.

The lozar for the benefit of the Presbyterian church building fund was a success. The proceeds amounted to \$300.

Three Indians speaking the Blackfoot language made an attempt to run off with some horses belonging to the Indians who were quartered near the town on Monday night. They were driven away without accomplishing their purpose.

W. L. Nicol lost six head of cattle several days ago. On Wednesday Mr. Goodridge came in and reported that he saw one of the cows that had been killed and partly cut up and carried away, and that the work was unmistakably did by Indians.

A hall was given by the non-commissioned officers and constables of the N. W. M. P., at this place lately, and was a great success.

The Hungarians, who were brought here to work in the mines, and were afterwards quartered in the emigrant building, arrived at Whitewood too late to take up land this winter. It seems that before they left Hungary Count Esterhazy had promised them land, provisions, etc. It is said that Esterhazy has already hinted that the government will have to take care of them.

We are informed that miners killed a large elk east of Star on last Saturday night.

CALGARY.

The Tribune, Dec. 24, says:

Train No. 2 left Field on time last night, but encountered a big snow storm with a regular blizzard. A double-header engine was placed on the train and the large engine was attached behind to push the train up the hill, but after a great deal of work it was found impossible to get up, even with the three engines working. The train was then divided and the sleeper and first-class car sent up to the safety switch at the top of the hill. The consolidated engine then started up with the second-class coach and the mail car, and when about half way up the coupling broke and the two cars started down the hill at a tremendous speed. There were about twenty persons in the coach, consisting of passengers and section men, who were sent to assist in clearing the track. All efforts to stop the cars by the application of the brakes were useless, and the first safety switch they arrived at they left the track and the coach was dashed over on its side, breaking loose from the mail car, which went about 200 yards beyond where the unfortunate coach lay shattered into fragments. One man, named Joe Neville, was so seriously injured that he has since died, but the rest of the passengers escaped with slight injuries.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, there is no other remedy so effective. It cures the stomach and bowels, cures Wind Colic, soothes the gums, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the ablest and best female physicians and nurses in the United States, and is for sale by all respectable druggists and chemists. Price twenty-five cents a bottle. Beware and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind.
